

AKOBIR ZIYODULLAYEV

github.com/ziiyodullayevv
Javascript, Typescript, Reactjs

Frontend Engineer | Tashkent, Uzbekistan

EDUCATION

Albison Academy (Powered by Amity University)

Frontend Development (Basic) | August 2021 - February 2022

- Gained foundational knowledge of frontend technologies such as HTML, CSS, and JavaScript.

WebBrain Academy

Frontend Development (Advanced) | Mart 2022 - August 2022

- Enhanced skills in advanced frontend technologies, including modern JavaScript frameworks (Typescript, React, etc.), CSS preprocessors, and responsive design principles.

EXPERIENCE

Frontend Developer - IT Department, - Mars IT LC

September 2023 - Present

- Contributed to the support and enhancement of a frontend platform designed for IT students.
- Implemented responsive design to ensure the platform is accessible across various devices.
- Identified and resolved functionality issues and bugs, improving overall platform stability.
- Optimized performance by reducing unnecessary loading times and streamlining the codebase.
- Replaced redundant code with more efficient alternatives, resulting in faster website performance.

Mentor - Mars IT LC

August 2023 - Present

- Supported and mentored over 250+ students in frontend development, helping them build a strong foundation in web technologies.
- Delivered engaging lessons on HTML, CSS, JavaScript, and modern frontend frameworks.
- Assisted students in developing practical projects, applying theoretical knowledge to real-world scenarios.
- Fostered a collaborative learning environment, encouraging active participation and problem-solving.

PROJECTS

Mars Space - space.marsit.uz

- Actively contributed to the development of the frontend for a platform designed for IT students at Mars IT
- Implemented responsive design, ensuring a seamless user experience across various devices.
- Identified and fixed functionality issues, optimizing site performance and load times.
- Refactored redundant code, replacing it with efficient alternatives, resulting in improved site speed.

Emirates Academy - video.emiratesacademy.uz

- Worked on the development of a comprehensive platform offering online courses for traders.
- Designed and implemented user-friendly interfaces for course browsing, video streaming, and learning management.
- Ensured smooth navigation and performance, enhancing the user experience for course participants.
- Collaborated closely with the backend team to integrate dynamic content and real-time course updates.

IECG Certificate - iecgcertificate.uz

- Contributed to the development of a website for issuing international and national certification based on industry standards.
- Developed a clean and intuitive interface for users to easily navigate certification information and apply for certifications.
